

2021 PARA Coaches Chair Report

Presented By: Bruce Newman

Notes: Due to COVID 19 travel restrictions we did not have any of state coaching assignments for the 2021 season.

Recommendation: With US Ski and Snowboard requiring all coaches to be certified at minimum Level 100 beginning Fall 2022. I am recommending PARA create a committee for Coaches Education that would have an operating budget with the sole purpose of creating ample in state Level 100 clinics ahead of the Fall 2022.
